

Declaration of Conformity

We declare that the product(s) identified in this declaration comply with Directive 89/336/EEC of 03 May 1989, on the approximation of the laws of the Member States Relating to Electromagnetic Compatibility (EMC), as amended by Council Directive 92/31/EEC of 28 April 1992 and Council Directive 93/68/EEC of 22 July 1993 using the following standards:

EN55022:1998/A1:2000/A2:2003 Information Technology Equipment – Radio disturbance characteristics – Limits and methods of measurement

EN55024:1998/A1:2001/A2:2003 Information Technology Equipment – Immunity characteristics – Limits and methods of measurement

Manufacturer's Name: Seagate Technology, LLC
Manufacturer's Address: 920 Disc Drive
(And Importer) P.O. Box 66360
Scotts Valley, California 95067-0360 USA

European Contact: Director of Operations
Seagate Technology, International
Koolhovenlaan 1
1119 NB Schiphol - Rijk
The Netherlands

Type of Equipment: Hard Disc Data Storage Drive

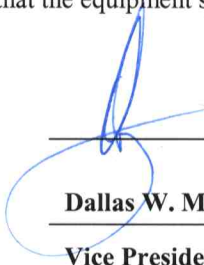

Model Number:

SAVVIO 15K.1 - 73GB ST973451FC 9MB004-XXX
SAVVIO 15K.1 - 36GB ST936751FC 9MA004-XXX

Seagate Technology, LLC hereby declares that the equipment specified above conforms with the protection requirements of the above-named Directive(s) and Standards.

Location: TCO

Date: 30 JANUARY 2007

(Signature)
Dallas W. Meyer

Vice President, TCO Design Engineering

IDENTIFICATION OF THE APPARATUS

Brand Name

SAVVIO 15K.1 - 73GB
SAVVIO 15K.1 - 36GB

Model Numbers

SAVVIO 15K.1 - 73GB

Part Number
9MB004-XXX

SAVVIO 15K.1 - 36GB

9MA004-XXX

Model Number
ST973451FC

ST936751FC

Manufacturer Address

Seagate Technology, LLC
1280 Disc Drive
Shakopee, Minnesota 55379-1863

Description of the intended function

These units are component assemblies meant for internal use only. Install a terminator on any external unused port.

Refer to Seagate Product Manual Vol. 1, (PN 100384763)
Section 3.0 General description

Installation

Refer to Seagate Product Manual Vol. 1, (PN 100384763)
Section 8.0 Installation
Section 6.5 Mechanical specifications

Photographs

Refer to enclosed Seagate Marketing Brochure

Limitations on the intended operating environment

The Savvio 15K.1 is a component and is not intended for external operation (i.e. outside of a cabinet or enclosure).

Refer to Seagate Product Manual Vol. 1, (PN 100384763)
Section 9.5.3 Physical/electrical specifications
Section 8.4.1 Airflow

TECHNICAL DESCRIPTION OF THE APPARATUS

Technical description

The **Savvio 15K.1** is supplied as a component. With the exception of option jumpers and interface termination referenced in the Product Manual Vol. 1, (PN 100384763), Section 8.1. there are no field serviceable parts.

Refer to Seagate Product Manual Vol. 1, (PN 100384763)

Section 3.0 General description

Section 3.1 Standard features

Section 4.0 Performance characteristics

Section 5.0 Reliability specifications

Interconnects

Refer to Seagate Product Manual Vol. 1, (PN 100384763)

Section 9.6 DC cable and SCSI connectors

Detail of Significant Design Elements:

Seagate's ISO-900x - certified Quality System Procedures control all aspects of product design and manufacture. Seagate's TCO Operations are certified to ISO 9001, and all operations are controlled in accordance with Seagate Quality System Manual (document 10400000). Specific relevant procedures that insure the control of variants in the design of the products include, but are not limited to, the following:

10404000	Design Control Management Procedure
10404300	Design Input and Planning Procedure
10404400	Design Output Procedure

Specific relevant procedures that assess whether a design change may need to be re-tested include, but are not limited to, the following:

10404600	Design Changes Procedure
10405000	Engineering Documentation Control Procedure
10405100	Manufacturing Documentation Control Procedure
